FULL PRIMARY COVERAGE

Benefits are payable for covered medical expenses from the first dollar of expense incurred. Benefits are paid in addition to and without regard to payments from other insurance.

MEDICAL BENEFITS

When a covered Injury to a student results in treatment by a legally qualified physician or surgeon (other than a member of the family) or is hospital confined, and treatment begins within 60 days from the date of Injury, the Company will pay benefit as shown in the Schedule of Benefits, subject to the primary coverage provision above. Only eligible medical expenses incurred by the Insured within 52 weeks from the date of the accident are covered. Benefits for any one accident shall not exceed in the aggregate the maximum stated in the Medical Benefit plan purchased. Expenses incurred after one year from the date of Injury are not covered, even though the service is a continuing one, or one that is necessarily delayed beyond one year from the date of Injury.

ACCIDENTAL DEATH, DISMEMBERMENT AND LOSS OF SIGHT

When a covered Injury results in any of the Losses to the student, We will pay the benefit stated in the schedule for that Loss. The Loss must be sustained within 365 days from date of Injury. The following benefits (the largest applicable amount) are paid in addition to the medical benefit:

Loss of life:	\$10,000
Loss of one hand, one foot, or sight in one eye:	\$ 5,000
Loss of both hands, both feet, or sight in both eyes:	\$10,000

Loss of hand or foot means the actual and complete severance through or above the wrist or ankle. Loss of sight means irrecoverable loss of sight. These Losses will be considered total and irrecoverable if such loss cannot be restored or corrected by medical or surgical treatment. If the Insured suffers more than one of the above covered losses as a result of the same Accident the total amount We will pay is the maximum benefit.
