

## Buy a Brick Build a Courtyard

### We need your support for Concord Elementary School!

This enclosed area was created when the new related arts wing was built in 2010.

**Six years of neglect** reveal a space unused by our students due to its lack of shade, plants, grass, and benches.

Present condition of our courtyard.

### Concord Elementary School's vision for a new green space.

This new courtyard is designed to create an area for Concord students to explore, learn, and play.

South Carolina native plants will be used which will provide a habitat, food, and shelter for wildlife.

The spiral grass pattern will lead students to the adventure teepee where classes can enjoy reading or telling stories.

The landscape design will be low maintenance and a safe area free of pesticides.

### We need your Help!

**Make this a reality by purchasing an engraved brick in memory or honor of a loved one.** Your donation will impact the students at Concord Elementary school for years to come. Help us to continue to grow in our commitment to strengthen our students' ability to think critically, independently, and globally as they take care of the world in which they live.
