

September 4, 2020

Dear Parents,

Middle school students who take high school credit classes must have an average of 70/C or higher at the end of the first semester to remain in the classes for the duration of the year. Due to risks associated with state level testing, future high school placement, and academic awards/scholarship eligibility, students with less than a 70/C at the end of the first semester **will** be moved to another class in that subject area. Please understand that we have your child's best interest at heart and there is ample time to take credit-bearing courses in high school.

Please be advised that at the end of the first nine weeks, if your child has a grade below a 70/C, it is recommended that he/she transfer out of the high school credit-bearing class. However, if you decide to keep your child in the class, he/she must exhibit the characteristics necessary to be successful and improve his/her grade to a 70/C or higher by the end of the first semester.

If your child remains in an honors level credit-bearing course for the year, please be advised that he/she must earn an average of 80/B or higher to be placed in an honors course at the high school level.

If you have any questions, please contact the instructional facilitator in your child's school.

Sincerely,

Hannah Arnold
Director of Secondary Instructional Support Services

My signature below indicates that I have received notification of the grade criteria needed to remain in high school level courses at the middle school level.
