Parents are responsible for replenishing supplies as needed throughout school year.

RAMS is an AVID National Demonstration Site, 1 of 3 schools in the state of South Carolina to achieve this honor.

Our students benefit from school-wide strategies that help them excel in Writing, Inquiry, Collaboration, Organization, and Reading.

The AVID Binder system helps students take ownership for their work. Students will learn how to set up the AVID Binder during the first week of school. Binder clinics each nine weeks help students stay organized. Through Technology classes with 1:1 Chromebooks, all students will learn how to use Google calendar as the agenda to list upcoming due dates. Students stay accountable for their work by writing any missing assignments and current course averages on the WOW sheet in the front pocket of the AVID binder weekly during Homeroom.
