Three Year-Old Preschool Registration
January 2021

Dear Parents:

Anderson School District Five provides a great start for our youngest learners! Our program is available for income-eligible children ages three-years-old on or before September 1, 2021 at South Fant School of Early Education and West Market School of Early Education. The program is a full-day learning experience, following the regular arrival and dismissal times of your child’s school.

Enrollment for the Three-Year-Old Preschool Program is non-discriminatory. In the event the number of income-eligible children exceeds the space available, additional children will be placed on a waiting list.

Registration for **Anderson School District Five’s Three-Year-Old Preschool Program** will begin Tuesday, February 16, 2021 at **South Fant School of Early Education** and **West Market School of Early Education**.

Registrations are held at these schools by appointment-only basis. All families should call the school in which they are zoned to attend to schedule an appointment to apply/register.

All 3K pupils are to register at the schools listed below.

<p><i>Pupils of the three-year-old program residing in the TL Hanna High School Zone will register at:</i> South Fant School of Early Education Dr. Anthony Ware, Principal (864) 260 - 5225</p>	<p><i>Pupils of the three-year-old program residing in the Westside High School Zone will register at:</i> West Market School of Early Education Missy McKenzie, Principal (864) 260 - 5200</p>
---	--

When parents come to register they must bring the following items:

- **Child's State Issued Birth Certificate** - The birth certificate issued at the hospital is not the legal birth certificate. Legal birth certificates may be obtained for children born in South Carolina at the Anderson County Health Department. Birth certificates for children born in other states may be obtained from the vital records department in that state’s capital.
- **Child's Social Security Card** - If you do not wish to give us the social security number, a student identification number will be assigned for your child.
- **Child's Medicaid Card or Proof of Income** - If your child does not receive Medicaid, proof of income for both parent(s)/guardian(s) will be required. This includes step-parents if they assume responsibility. Proof of income can be W2 forms, income tax forms, or pay stubs.
- **Two Proofs of Residency** - Valid proofs of residency may include a current power, water, cable, or land-line phone bill, a lease agreement, or a contract on your house. A driver’s license and cell phone bill are not accepted as proof of residency.
- **Legal Documentation (such as custody, court orders, safety plans, etc.), if applicable**

Completing the registration process does not guarantee a child’s enrollment in the program.

Due to the district’s limited number of 3K programs, registration does not ensure a child’s placement in a 3K program. However, a child cannot be placed in a 3K program unless he or she is registered and the school district is provided all the required documentation.

If you have any questions about the registration procedures, please contact South Fant School of Early Education at 260-5225 or West Market School of Early Education at 260-5200.

Sincerely,

Thomas A. Wilson
Superintendent
