

WEEKLY CLASSES FOR STUDENTS OF ALL AGES!

WEEKLY ART STUDIOS

After School Art Studio is a fun and collaborative after school art adventure for kids of all ability and experience levels that want to learn and make art. We are offering studio time for all groups that meet once per week throughout the school year. Trained professional local artists will help your student develop basic art skills in a variety of mediums. Instructors start out with projects to give the student a place to start but encourage students to branch out and explore the materials and their imaginations and maybe work on other things that they would like to try with the guidance of the instructor. At the end of the year there will be an exciting exhibit featuring the students' work. These classes do NOT require any prior art training.
