

## Purpose Statements

### Mission

To educate students who are college and career-ready and will positively contribute to an ever-changing world.

### Vision

To provide a superior school system, empowering students to reach their potential through academics, arts, and athletics.

### Guiding Principles

- We make a quality instructional program the highest priority.
- We foster a caring and safe environment that respects the dignity of learning.
- We recruit, hire and retain the highest qualified, most effective and committed teachers, leaders and staff.
- We include parents, business, industry and community as partners in education.
- We promote the recognition and understanding of individual differences.
