

Accessing Tutor.com

Students have free access to tutor.com through Discus. Follow the steps below in order to connect to tutor.com via SC Discus. For students under 13, parents can help their child create an account.

1. Student should log into Classlink as normal.
2. Click on the Discus app (do not go to the Tutor app first)

Click the Discus app in Classlink first (not the Tutor.com app)

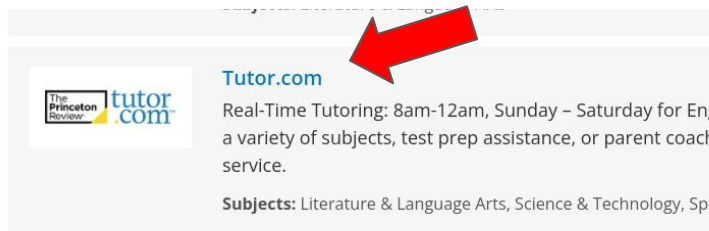

The student screen will look like the one below. **If connecting at home it may prompt for the discus username and password. Please contact the school's Media Specialist or student's teacher for the info!**

3. Click the Discus icon.

4. Click A-Z Resources.

5. Scroll to the bottom of the page and click on Tutor.com

6. Click to Create an Account;

Note: An account is only necessary to submit a paper or math problem for review. Once the student account has been created, now the tutor.com app in Classlink will log the student into tutor.com.
